KEY FACTS

- Founded in 1796 ‘the place of useful learning’
- Approximately 23,000 students from 100 nations
- Scotland’s 3rd largest University
- Almost 90% of our research rated ‘world-leading’ or ‘internationally excellent’ (Times Higher Education’s analysis of REF21)
- The only University to have won University of the Year twice! (2012 & 2019 Times Higher Education)
- Queen’s Anniversary Prize for Higher and Further Education (2021 & 2019)

THE HEART OF THE CITY

GLASGOW

EXPLORE SCOTLAND EXPLORE SCOTLAND SCOTLAND

- Scotland's largest & most cosmopolitan city
- Glasgow's the 4th best city in the world! (Time Out Index 2022)
- UNESCO City of Music
- World's friendliest City (Rough Guide Readers)

GLASGOW

Academic Year 2024-25

Semester 1: 16 September – 20 December 2024

Orientation and Induction Week	16 – 22 September 2024
Teaching begins	Monday 23 September 2024
University Closed	30 September 2023
Exam Period	9 – 20 December 2023
Winter Vacation	23 December – 10 January 2025

Semester 2: 13 January – 23 May 2025

Orientation and Induction Week	13 – 19 January 2025
Teaching begins	Monday 20 January 2025
Spring Vacation	7 – 17 April 2025
Exam Period	22 April -23 May 2025

Important dates

Nomination deadlines:

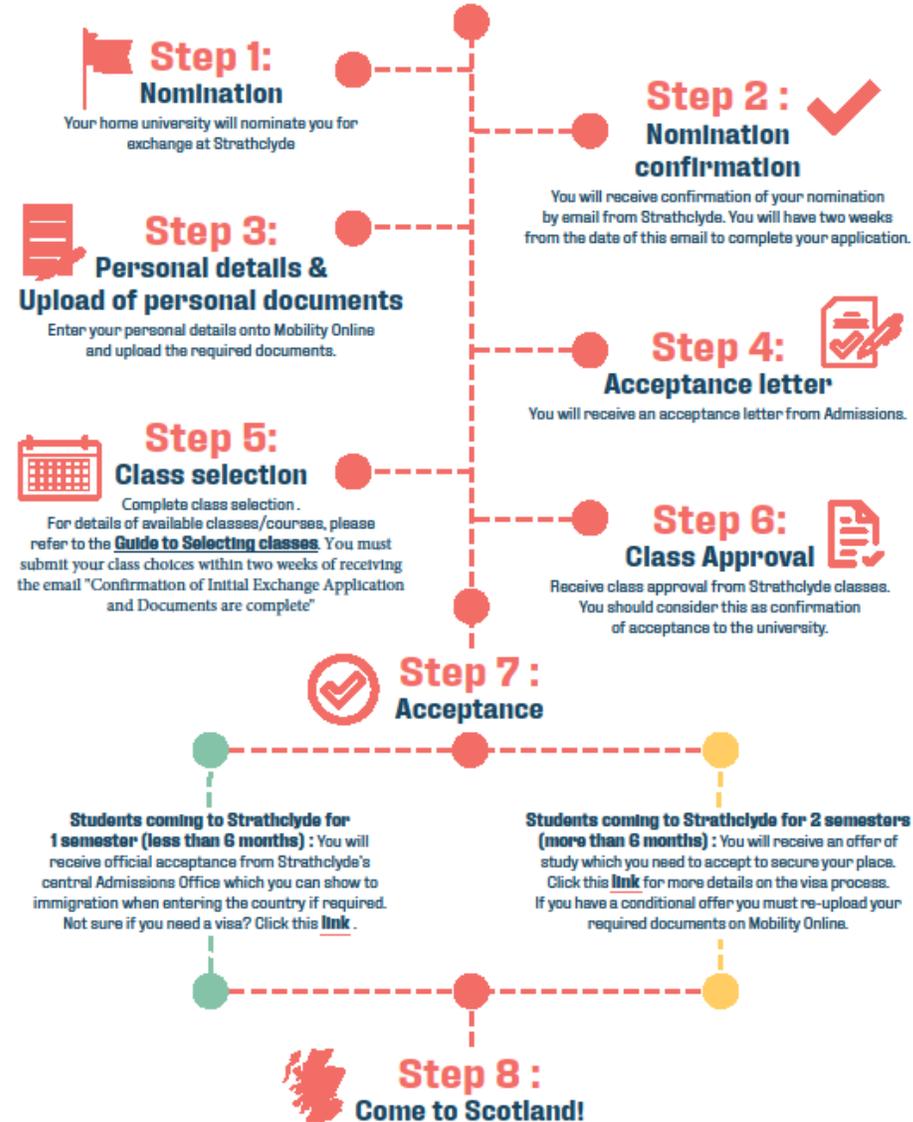

1st Semester/Full Year: 1st May

2nd Semester: 1st October

STRATHCLYDE EXCHANGE JOURNEY

A guide through the exchange process at the University of Strathclyde. Please pay attention to any links which appear, and always check your junk/spam folder for our emails!

Points to note

- **Nomination (opens 23 February)**

Only accepted via Mobility Online

Any changes to your details, please email incoming.exchanges@strath.ac.uk

- **Personal details and documents**

Please let your students know that they will require a valid passport as part of their application (with at least 6 months validity). The application can't proceed without uploading their copy of this.

- What documents are required:

- **1 semester only:**

- official transcript
- valid passport

- **Full Year**

- Official transcript,
- Official English translation of transcript (if required),
- Proof of [English Language Level](#).

Acceptance Letter

Students will receive their acceptance from admissions@strath.ac.uk to their email. If they are coming for the full year, they will have to accept their offer.

They can only apply for accommodation once they have received their acceptance email.

Strathclyde Subjects

Humanities & Social Sciences

Subjects:

French, English, Education, History, Journalism, Law, Politics & International Relations, Psychology Spanish, Sport & Physical Activity, Social Policy, Social Work, Speech & Language

Limited classes in Psychology, Speech & Language and Social Work

Engineering

Subjects:

Architecture, Biomedical Engineering, Chemical Engineering Civil Engineering, Electrical Engineering Electronic Systems, Industrial Engineering, Mechanical Engineering Product Design, Naval Architecture Marine Engineering Software Engineering

Science

Subjects:

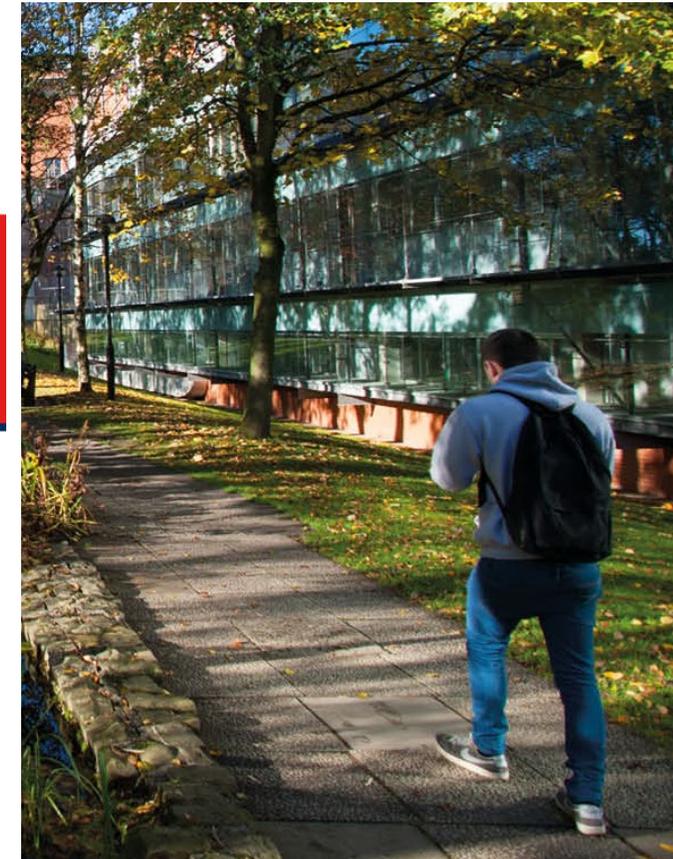

Biomedical Sciences, Chemistry, Computer Science, Mathematics, Physics
Chemistry classes are full year only.

Strathclyde Business School

Subjects:

Accounting Business Analysis and Technology Business Enterprise Economics Finance Hospitality and Tourism Management Human Resource Management Marketing

Further details about classes

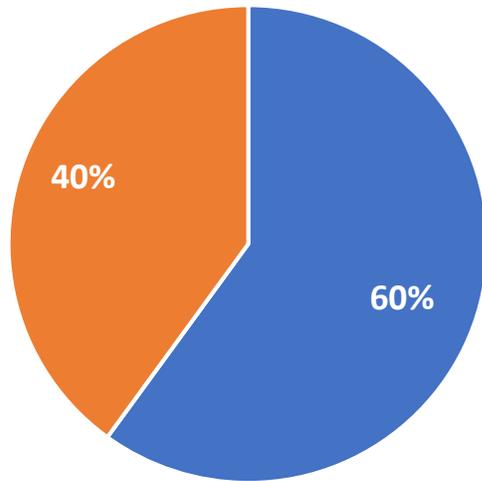

Class Selection

Credits per semester

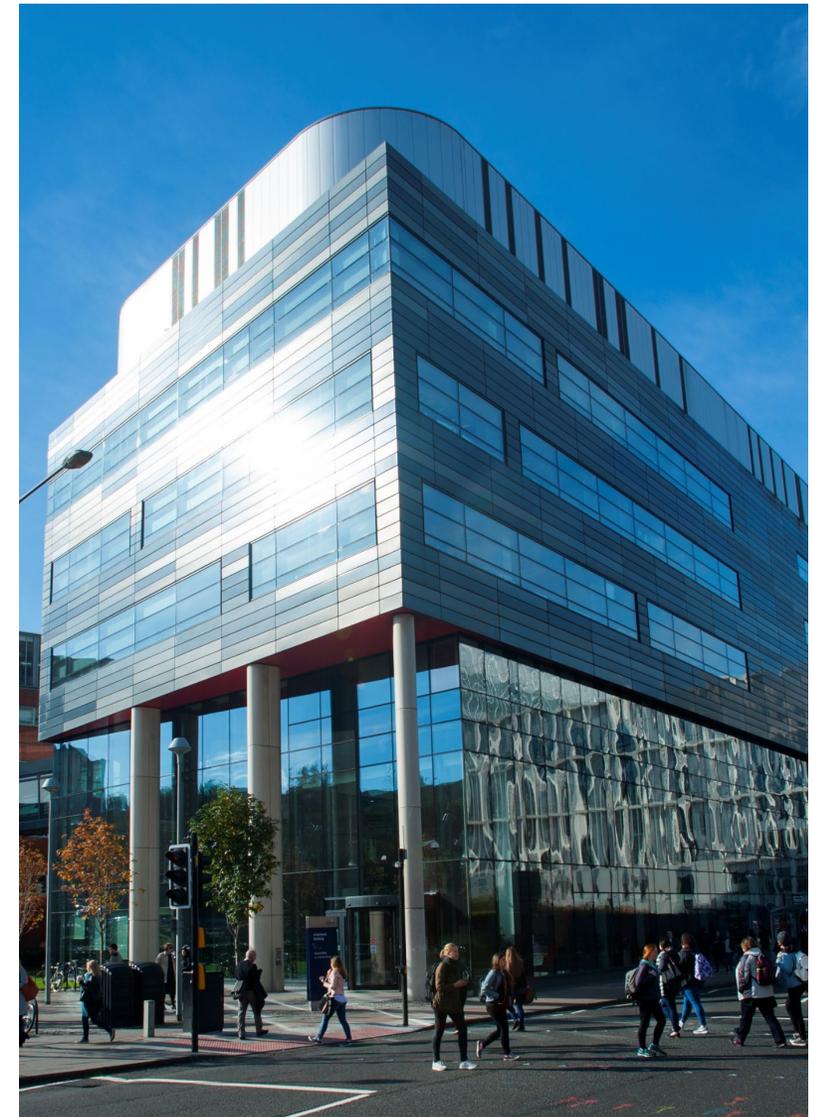

Typically equates to 3x20 credit classes in Business or Humanities or combo of both **or** 4-6 classes in Engineering or Science depending on credit value of each class.

In order for students to have a personal academic advisor and 'belong' to a department/school, we require students to select at least 60% of their classes from one school/department.

■ Primary Department ■ Secondary Department

- the business school is classed as a department.
- If you have a subject specific agreement, this should be the primary department.

Courses provisionally approved at application stage and confirmed on arrival with academic advisor.

HOME

HOME FROM HOME

STRATHLIVING
STRATHLIVING
STRATHLIVING
STRATHLIVING
STRATHLIVING

Housing is really limited in Glasgow.

Everyone can apply for on campus housing

Students apply directly via the accommodation application platform

They can **only** apply after they have received their acceptance letter from admissions.

The Student Union will offer advice to students on how to find housing in Glasgow

SUPPORT NETWORKS

- [Disability & Wellbeing Service](#)

Do your students need any academic adjustments/accommodations whilst at Strathclyde?

Please contact disability-wellbeing@strath.ac.uk to let them know what you will need (please copy in incoming.exchanges@strath.ac.uk). They will contact your student before or just as their course begins to ask you to complete a questionnaire to provide us with further information about their needs.

They will also be asked to provide evidence in support of their diagnosis/disability. You can see what we consider as evidence here: [Evidence | University of Strathclyde](#).

Once they have received your completed questionnaire and evidence, they will receive further communication from the Disability Adviser to discuss support available to them. They offer a range of support in addition to accommodations, such as mentoring and notetaking, and assistive technology.

Dates for your students

Application support for students –

Zoom

- 1st Application workshop 12th March 2024 (4:00pm UK time)
- 2nd application workshop 02nd of April 2024 (4:00pm UK time)
- Pre-Arrival Webinar 13th of August 2024 (4:00pm UK time)

Summer School

Civil Engineering Research Projects

Project title

- Study the feasibility of using Drone for emergency response of cardiac arrest
- Use of seaweed derived biopolymer for geotechnical and structural applications
- Towards a digital twin of the tokamak fusion reactor
- Validation of computer models with conformal predictions.
- Data v. Capta: automatic integration of scientific metadata for provenance.
- Propagating uncertainty through descriptive statistics.
- Rehabilitation of formerly contaminated soils
- Life cycle assessment of smouldering remediation
- Smouldering Biosolids to Improve Their Circular Economy Potential in Agriculture (Life Cycle Assessment)
- AWARE: Amoebae with antimicrobial resistant endosymbionts (AMR / antibiotic resistance)
- Micro-mechanical controls on embankment failure triggered by extreme weather events: a 4D imaging approach
- Rheology of complex suspensions: developing a 4D understanding of heterogeneity
- The impact of root structure on water transport and uptake from drought impacted soils
- Data fusion of undrained shear strength of clay from multiple site investigation data sources

If any student is interested in doing a summer research project above, please email kate.kenyon@strath.ac.uk
