### 1. Online registration for the exchange program via Mobility-Online

Deadlines: May 1, 2025 (winter semester 2025/26)  
November 1, 2025 (summer semester 2026)

Before you apply, please make sure that you **have been nominated** by your home university for the exchange program at the University of Stuttgart! After your nomination, you will receive an e-mail from the Mobility-Online portal.

#### Required documents

Follow the instructions given in the portal **and upload:**

- Passport-sized picture
- Current **transcript of records** from your home university (either in English or in German\*)
- **Confirmation of academic supervision** from your academic supervisor in Stuttgart (if you are planning to write a thesis)

**A quick hint in between:** What is the difference between Mobility-Online and C@MPUS?

For courses taught in **English\*\***

Your English + German proficiency by the registration deadline (minimum)	Participation in the intensive German course (course fee € 250)
<b>B 2 ENG + no GER knowledge</b>	optional but highly recommended

**\* Required are the original and an official translation into German or English** from a sworn translator or a verified translation of your home university (confirmed by stamp and signature).

After you have uploaded your complete documents, the International Office will check them, as well as your academic Erasmus+ advisor who will sign the learning agreement on Mobility-Online.

**\*\* English-taught Bachelor courses are rare. Courses in international MSc programs (taught in English) can only be taken on request.**  
Prerequisite: You are in your 3<sup>rd</sup> or 4<sup>th</sup> year of bachelor study. Please contact your academic Erasmus+ advisor for further information.

The **digital learning agreement (DLA)** is your study plan for your stay in Stuttgart: Which courses do you want to attend and how many ECTS you will receive for them. Information on which courses to choose from, you can find below in the chapter about 'Course information'. You need to submit the digital learning agreement **before** the application deadline (May 1 / November 1). **If you have any questions on how to create a digital learning agreement, please contact your home university.**

Strictly taken, the DLA is not a document as it can be solely created in the database used by your home university. The DLA needs to be digitally signed by you and your home university; afterwards, it needs to be digitally transferred from your home university's system to ours. Please note: **A pdf document sent via e-mail is not considered a digital learning agreement!** As of the summer semester 2023, **the University of Stuttgart only accepts digital learning agreements.**

**Mobility-Online** is the database where you need to register for your exchange semester at the University of Stuttgart, e.g. you need to upload your proof of language skills, you can register for the intensive German course and you can provide us with your arrival and departure date.

**C@MPUS** is the official campus management portal of the University of Stuttgart. From applying for admission through the enrollment process to exam registration, C@MPUS is the first place to go for all administrative matters.

### Bachelor's or Master's thesis

Incoming students who would like to write a **Bachelor's or Master's thesis** at our university are highly recommended to apply for a 1-year exchange (2 semesters):

- **1<sup>st</sup> semester:** The incoming student will take courses and look independently for a thesis topic and an academic supervisor during the exchange semester.
- **2<sup>nd</sup> semester:** The incoming student may write the thesis if s/he has found a thesis topic and an academic supervisor. If not s/he will be able to take courses at our university instead or write the thesis at e.g. the home institution.

You will have to find an academic supervisor for your thesis yourself. The International Office and the academic Erasmus+ advisors are not able to assist in finding a suitable thesis topic and supervisor. You can only be enrolled as a student at the University of Stuttgart after we have received a confirmation from your thesis supervisor in Stuttgart.

**Accommodation** We might be able to reserve a dorm room for Erasmus+ students as long as they have applied through the portal of our main dorm provider, the Studierendenwerk Stuttgart (SWS) by the provided deadline. A guideline for the application via the SWS portal can be found in the download area of Mobility-Online.

**Visa regulations** **Students from the UK, Australia, Brazil, Canada, Japan, South Korea, and the US** can enter Germany without a visa. They have to apply for a residence permit after their arrival in Stuttgart. **Students from non-EU countries** other than those mentioned above must apply for a student visa at the German consulate of their home country at least four to five months before their arrival in Stuttgart. Students who need a visa will receive a **letter of invitation** as soon as they have submitted their application documents and have been admitted.

**Non-EU students already studying in an EU country** have two options:

1. Application for a German visa in their EU host country and application for a German residence permit in Germany, once the visa expires (if it expires before the end of the mobility).

2. Application for a German residence permit via our International Office approx. two months before travelling to Germany – no visa required.

We need to find out which option applies to you and provide you with the relevant information. Thus, please send an e-mail to [incoming@ia.uni-stuttgart.de](mailto:incoming@ia.uni-stuttgart.de).

**Health insurance** In order to be enrolled at the University of Stuttgart, EU citizens are required to hold the European Health Insurance Card. Please do not forget to get the card from your health insurance provider before you come to Germany. Students without the EHIC have to purchase student health insurance in Germany after their arrival.

Exceptions: Citizens from countries that have a social security agreement (Norway, Serbia, Switzerland, and Türkiye) have to bring a valid certificate of health insurance from their home insurance provider to be exempted from the mandatory student health insurance.
