Step 1  
**Download Software**   
Once you have joined the STUDENTserver, first order of business is downloading and installing one or more of the many Bentley software products relevant to your studies. Be sure to check for the vital Site Activation Code required to register the software as part of the installation process. 

Step 2  
**Take Online Training**   
To learn how to use Bentley software, be sure to check out the online training. You will find a wide range of topics from how to use your new software to advanced subjects taught by experts in the field. To get started a list of recommended introductory courses are available on the eLearning page. 

Step 3  
**Certificate and Transcript**   
Bentley records each student's completion of On-Demand learning in their transcript. On completion of training, students are able to download and print Certificates of course completion. It may take up to 4 hours for a completed course to appear in your transcript. 

Step 4  
**Visit Bentley Academic Community**   
Gain insight, get answers, exchange ideas, access training, and discuss a wide range of topics related to Bentley products in Bentley Communities. For how-to tips, Bentley product support, best practices, opinions and advice from students and faculty, infrastructure professionals, and Bentley subject matter experts, Communities is the place to go – anytime, from anywhere.
