

We have launched our new Bentley Education Hub to enhance user experience. Bentley Education provides free access to students, educators, and staff to over 60 Bentley software!

Please follow the instructions below to start your journey with Bentley academic software.

You can skip step 1 if you already have a Bentley Education account.

Step 1: Create a Bentley Education Account

1. Visit [Bentley Education](https://www.bentley.com/education). [<www.bentley.com/education>](https://www.bentley.com/education)
2. Click **Sign Up**.
3. Fill in your details and use your **education-domain email** (e.g., yourname@school.edu).
 - If you don't have an education email, you may need to upload proof of eligibility (e.g., student ID).
4. Verify your email and set your password.

Step 2: Log In and Access Software

1. After account creation, or if you already have a Bentley Education account, log in at [Bentley Education](https://www.bentley.com/education).
2. As soon as you are logged in you will land in your Profile Details section, if under the "Education License Details" you see the following message, it would indicate you are eligible for software downloads and you will see the renewal date.

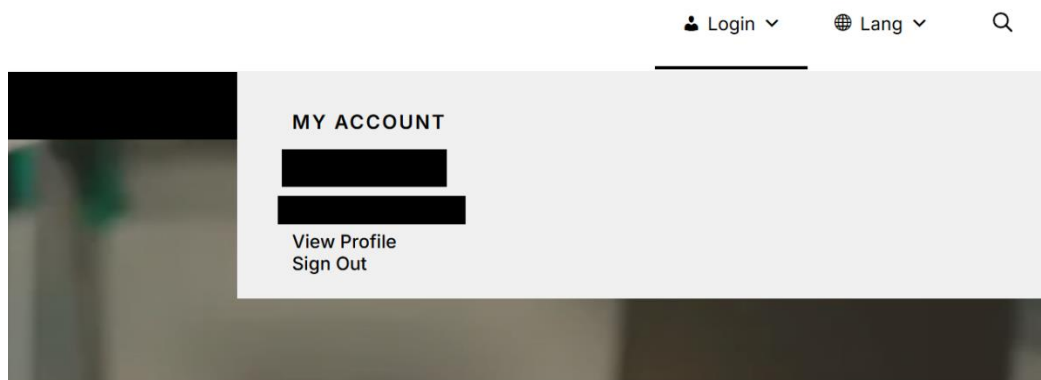

Education License Details

You provided an email from a previously approved educational institution, so you've been automatically verified. You now have full access to Bentley Education software and training. You will need to re-confirm eligibility after one year to renew your education access. We'll email you 30 days before your access expires with more instructions.

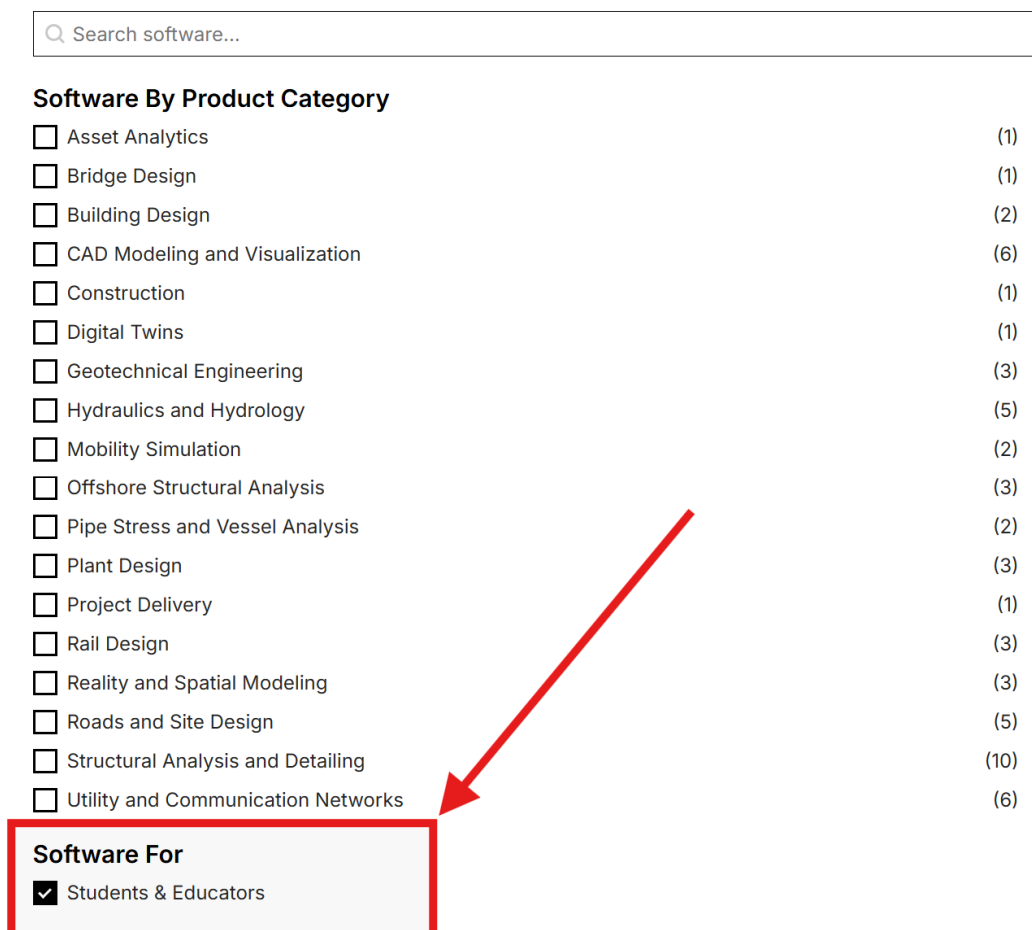

Have any questions about your account or access? Visit our [help page](#) to check out our full list of FAQs or connect with the Bentley Education team for support.

Education license renewal date: XXXXXXXXXX

3. In case, your Education License was not approved, please inform us and attach a copy of your student ID card.
4. To verify you are logged in, you can hover over “Login” at the top right corner:

5. Go to the [Software](#) section. Please make sure the Educators & Students filter is checked:

6. Browse or search for the software you need (e.g., MicroStation, OpenRoads, STAAD).

Step 3: Download and Install

1. Click **Install** next to the software you want.

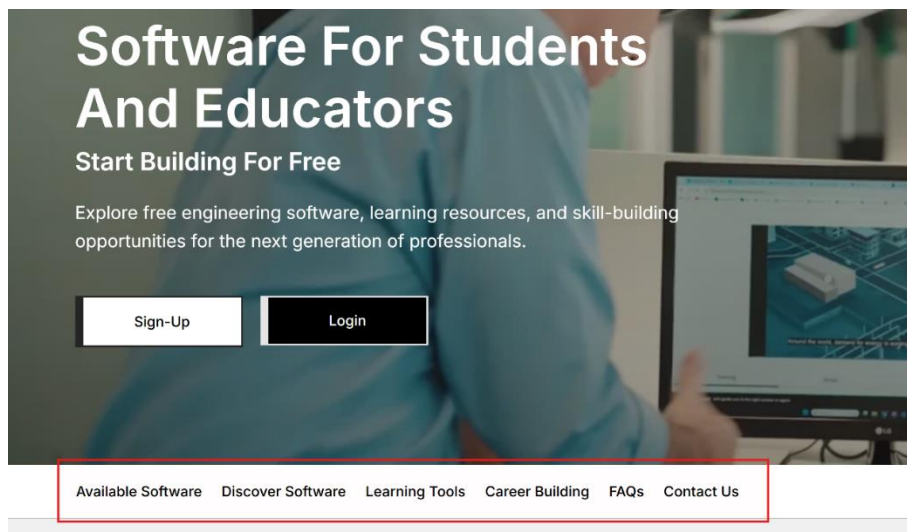

2. Follow the on-screen instructions to download and install.
 - The first time you install, Bentley's **Connection Client** will also be installed.
 - This client manages your login and software access.
 - To activate or access the software, please log in to the Connection Client using the same credentials you used to download the software from Bentley Education.

Always navigate to the [Bentley Education Homepage](#) in case you have lost track.

On the [Bentley Education Homepage](#) you can explore many other options like

[Educational Resources](#), [Software Courses](#), and much more.

You can use the following navigation links to explore the homepage.

If you face any issues please reach out to us through the [Contact Us](#) form or directly at educationsupport@bentley.com.
